

GATEWAY LAKEVIEW

PET CEMETERY

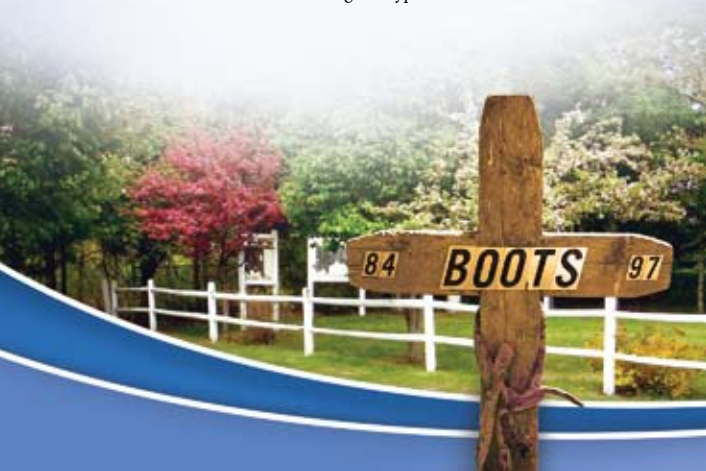

Nestled on the serene shores of Graham Lake, between Ottawa and Kingston, lay a peaceful paradise, the final resting place of over 2000 beloved pets. Established in 1987 by a family wanting to give their own pets a beautiful and protected resting place, the lush park setting soon became the preferred pet cemetery in eastern Ontario. 22 years later, the tradition continues as Gateway is proud to embrace the pet cemetery as part of their quality services offered in pet aftercare.

Gateway has revolutionized the pet aftercare industry, bringing dignity and respect to beloved pets. As a leader within the International Association of Pet Cemeteries and Crematories, Gateway has created industry standards, raising the commitment to greater accountability.

Gateway's goal is to provide world class pet aftercare, including a special place for quiet reflection and lasting memorials.

Along with Gateway's established pet cremation services, Gateway Lakeview Pet Cemetery is also now available throughout Ontario and welcomes visitors at any time.

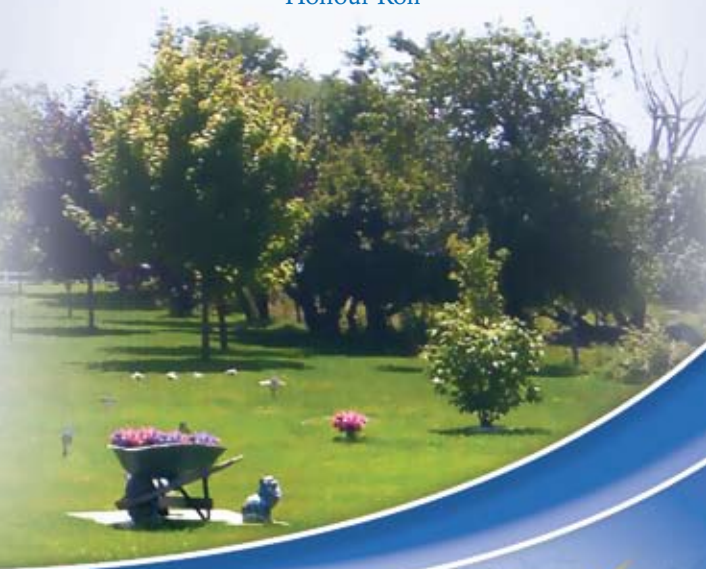

If you would like more information about Gateway Lakeview Pet Cemetery, please contact our registered pet funeral directors at 1-800-227-6915 or online at www.gatewaypetmemorial.com

Gateway is always available to help you make decisions about your pet's aftercare.
