To Our Valued Pet Parents

At Gateway, we are committed to providing the best aftercare service possible to you and your family. Many pet parents entrust their pets to Gateway for communal cremation. With this service, the entrusted remains are communally cremated and the cremated remains are interred in our cemetery with the respect and dignity your pet deserves.

In our continued effort to provide the best possible aftercare, Gateway has acquired Sandy Ridge Pet Cemetery near Tillsonburg, Ontario. This quiet country setting will be the final resting place for your pet's communally cremated remains as of June 1 2014.

With the addition of Sandy Ridge Pet Cemetery, Gateway Pet Memorial Services will now be able to honour the lives of your pets in our new ossuary. The cemetery's granite ossuary will now hold a representation of communally cremated pets as a place where parents and family can pay tribute to their pets. The balance of our communally cremated remains will be interred within Sandy Ridge Cemetery. Pet parents and family are welcome to visit the ossuary at our cemetery daily at your convenience.

The Cowan family operated Sandy Ridge Cemetery for over 20 years with loving care for pets and their parents. We will continue to operate the cemetery with the highest standard of care and respect for your pet's aftercare.

If you would like more information about communal cremation or Gateway Sandy Ridge Pet Cemetery, please visit our website at gatewaypetmemorial.com or call our registered pet funeral directors at 1-800-227-6915

Thank you
